## **Our Mission:**

Improve cancer screening among those New Yorkers disproportionately burdened by the increased risk of cancer

## **Our Goals:**

- Increase public awareness regarding the importance of cancer prevention and early detection.
- Provide access to high-quality cancer screening, follow-up tests, getting treatment and support services to individuals who are uninsured.
- Assist the uninsured population with referrals to NYS of Health Insurance Marketplace and Navigators.
- Focus on populations disproportionately burdened by increased cancer risk and/or who are medically unserved or underserved
- To provide life-saving breast, cervical and colorectal cancer screenings and/or diagnostic and treatment services to individuals without health insurance. And to provide community health education regarding the importance of cancer prevention and early detection.

## **Populations Served:**

- Uninsured women 40 and older
- Uninsured men 45 and older
- Younger high risk men & women

## **Services Provided:**

- Mammograms & clinical breast exams
- Pap & Pelvic Exams
- Follow-up testing
- Colorectal Cancer tests
- Treatment for breast, cervical, and colorectal cancers
